

GOMEZ, EARL JOHN A.

RESUME

earljohngomez66@gmail.com | 0962 423 8760 | Las Piñas City, Philippines

PROFILE SUMMARY

Creative and adaptable professional experienced in graphic design, social media strategy, event promotion, and client-facing operations seeking a position to contribute strong visual design and multi-channel communication expertise to a fast-paced organization.

WORK EXPERIENCE

- Bimbo's Coffee Shop, Las Piñas 2022-2024
Barista / Graphic Designer

Promoted from barista to graphic designer, driving visual brand strategy through the design of promotional materials, event posters, and marketing videos that boosted overall customer engagement.

- Club Promoter & Host – Various Locations (Quezon City, Poblacion, Malate) 2024 2025
Promoter / Host

Hosted and promoted nightlife events to boost attendance and enhance guest experience, using consistent social media communication and direct audience engagement to drive venue growth.

- Purpose-Driven Executive Search & Franchise Consultant Threo 2024 - 2026

drive sustainable business expansion by recruiting high-impact C-suite leadership and providing strategic franchise consulting to align values-based talent with enterprise scaling, operational infrastructure, and long-term brand equity.

- Web Development Engineer Intern Feb 2026-Apr 2026
St. Dominic College of Asia — ICT Department

As a full-stack web developer, you built and maintained responsive user interfaces using HTML5, Tailwind CSS, JavaScript, and PHP, while seamlessly integrating APIs, managing MySQL databases, authoring comprehensive technical documentation, and performing cross-viewport debugging to optimize system performance across devices.

PROJECT

- Student Health Record & Admin Analytics System
As a Full-Stack Developer, I built an interactive, brand-aligned analytics dashboard for medical staff using JavaScript and Tailwind CSS, backed by custom PHP and MySQL routes to serve dynamic metrics alongside secure, role-based access controls.
- Online Grading Management System For AZGH College Inc.
I designed and implemented a web-based grading system for AZGH College Inc. using PHP and XAMPP, automating the computation of performance tasks, written works, and exams alongside instant email grade notifications, while crafting an accessible, age-friendly front-end platform using HTML, CSS, Tailwind CSS, and JavaScript..
- Online Booking For ROMA Tours Corpt.
I designed and implemented a web-based online booking system for ROMA Tours using PHP and XAMPP, featuring an intuitive traveler platform for viewing schedules, seat availability, and driver details, an integrated AI chatbot for real-time customer inquiries, feedback-driven UX enhancements, and an analytics dashboard with moving average charts, automated email notifications, and printable receipts for approved bookings.
